# *Quadral*

## LATERAL STORAGE AND FILING SYSTEM

The Quadral is another high density storage system offered by Montel, giving you a full range of storage options. It can be easily moved and reconfigured according to your needs. Sections can be added either in front or on each side of the system. It is ideal for confined rooms or near walls to save space. The Quadral will meet all your specific storage needs.

## ADVANTAGES

- Quick and easy to install
- Safe and reliable
- Expandable
- Upgradable
- Easy to move and reconfigure

## CABINET STYLE DOORS

Locking Device

## AESTHETICS

- Available in eleven standard colors (baked enamel or epoxy polyester baked powder coating)

## SECURITY

- Lockable doors can be added to fixed and mobile sections
- Lockable drawers are available for more confidentiality

## SAFETY

- Highly resistant anti-tip guide (on top)

## OPTION

- Possibility of adding one more mobile row in front of the system. (In this case, additional anti-tips would have to be added to increase strength)

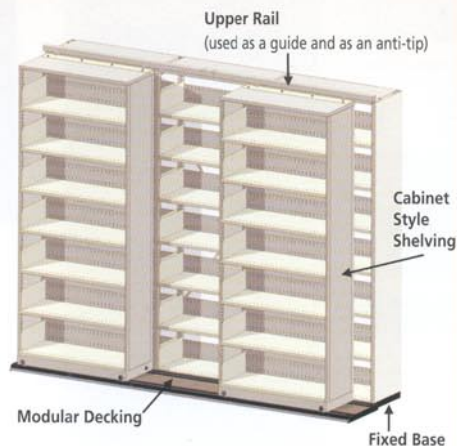

## TECHNICAL SPECIFICATIONS

- 3/4" thick shelves. Case-Type (Cabinet Style) or SmartShelf (4-post)
- Sliding base and decking are 2" high
- Aluminum sub-rails with levelers (stabilize the mobile unit)
- Steel track
- System's main frame is all steel:
  - Shelves: 18 gauge or 20 gauge
  - Carriage: 12 gauge
- 3" diameter hard steel ball-bearing wheels
- Anti-tip guide rail on top of each shelving section
- Capacity of 750 pounds per linear foot
